## The Hook

Love Polygon is a comedic party game about love and relationships.

It's a hand elimination game like Uno, but it's not about you winning, **it's about your Sweetheart winning.**

Navigate shifting relationship dynamics between players and uncover surprising depth as mechanics-driven rivalries and alliances naturally develop.

## The Play

- ♥ **Goal:** Empty your Sweetheart's hand before losing your own.
- ♥ Sweethearts are identified by heart tokens. **Move them to change win conditions.**
- ♥ Winning Sweethearts get **powerful Special Cards** for subsequent rounds. Their Admirers score Victory Points.
- ♥ **All moves negotiable!** Use Response cards to twist your rivals' Statements.
